## About Pacific Packaging Machinery, Inc.

Based in San Clemente, California, Pacific Packaging Machinery, Inc. provides rotary and inline liquid filling equipment to the packaging industry. Founded in 1962, Pacific Packaging is widely recognized as the packaging leader for high-speed rotary volumetric liquid fillers. Pacific's personalized & custom engineering, innovative research and development, and superior customer service enable the company to be at the forefront of major liquid packaging areas including foods, personal care, household, chemical and automotive. For more information, contact us at [info@pacificpak.com](mailto:info@pacificpak.com) or visit our web site at [www.pacificpak.com](http://www.pacificpak.com).

## About Pack West Machinery

Pack West Machinery, based in Irwindale, California, provides a full line of over forty models of inline and rotary liquid to viscous fillers and inline and rotary cappers, lidders and torquers. Also available are an impressive array of packaging line components including state-of-the-art cap elevator-sorter-feeders, unscramblers, accumulators, and conveyor systems. For more information, contact us at [sales@packwest.com](mailto:sales@packwest.com) or visit our website at [www.packwest.com](http://www.packwest.com).
